COMPUTER FORENSICS

WHO ARE WE?

OnRetrieval, a Spanish company with extensive experience in the **Computer Forensics** sector. We have a team of computer forensics legal experts in the acquisition and analysis of digital evidence relating to any type of crime or fraud.

Our experts follow rigorous practices, always maintaining the proper chain of custody of evidence to ensure the legal validity of the results obtained. **OnRetrieval** uses the most robust forensic tools available on the market to acquire evidence, generating MD5 and SHA2 hashes, and tools to generate clear and detailed reports with our findings.
