Cybertech Global Events is proud to present the 2021 in-person Cybertech Global event in Dubai. This 8th edition of the renowned international exhibition and conference is the LARGEST networking event in the cyber industry outside of the U.S.

Consisting of a grand exhibition hall and a cutting-edge conference, Cybertech Global boasts hundreds of companies, startups, government entities and organizations. This is the place to foster existing and create new business opportunities with a wide range of sectors—including government, industry, and academia.

Cybertech Global attracts thousands of attendees each year, including C-Level executives, investors, professionals, and government officials, from over 80 countries worldwide. The event in 2021 will take place on new ground, in Dubai, the United Arab Emirates, an international hub for technology and innovation. Together with our partners in the region, Cybertech looks forward to breaking the boundaries of global innovation.

Thousands of People Visited Cybertech Every Day

"Continuous innovation in business is a balancing act and the stakes have never been higher. From Internet of Things, blockchain to artificial intelligence, C-suite executives recognize that while these new technologies carry new possibilities transforming entire industries, they also create new security concerns."

- Gene Reznik, Chief Strategy Officer, Accenture

"Year after year, this forum has been constantly growing and expanding its reach. This enthusiastic response shows that we are on the right path in facing the rising challenges of the continuously evolving cyber sector."

- Alessandro Profumo, CEO, Leonardo

"Cybersecurity has undergone a huge revolution in the past few years with established vendors and approaches being swept aside. Cybertech 2019 once again showcases the best new developments in our industry and the huge steps that have been taken to combat the challenge of global cybercrime."

- John Titmus, Director EMEA, CrowdStrike

"Cybertech Global shows the world the power of innovation and is where cybersecurity experts come together"

- Udi Mokady, Founder and CEO, CyberArk
